

REMARKS

Entry of the above amendments to the specification and claims and consideration of this application, as amended, is respectfully requested. Claims 1-7 and the phrase "treatment or" on the first line of claims 8-11 have been deleted as subject matter already allowed in U.S. Patent Application No. 10/251,109. Claims 8-11, previously dependent on Claim 1, have been converted to independent claims. The spelling of "nausea" has been corrected in Claims 9 and 11. Claims 12 and 13 have been canceled as being non-statutory.

On the basis of the above amendments and remarks, applicants believe this application, as amended, is in condition for allowance and its early allowance is respectfully requested.

Respectfully submitted,
